27-Nov-11	Shepherd Family		

It is our intention to show parents that their children will be cared for and comforted while they are focusing on worship. In order to give the children our full attention, please turn your cell phones off or to vibrate while volunteering. We ask that you use them only in case of an emergency and do not text while there are children present. Also, only those listed to volunteer on that date should be in the nursery during worship time. Thank you for your cooperation.
